
Certificate Of Metal Stitching Approval

This company has been approved in accordance with the requirements of Lloyd's Register for the repair of specified components by metal stitching.

Before any repair is undertaken, Lloyd's Register is to be informed and their agreement obtained.

Manufacturer **Metallock Engineering UK Ltd**

Address Prologis Park, Unit H5, Pilgrims Walk, Coventry, West Midlands, CV6 4QG,
United Kingdom

Approval Metal stitching using Masterlock and Metallock processes.

This approval is subject to compliance with the requirements of Lloyd's Register. Each repair must be undertaken to a written repair procedure that has been accepted by the attending Surveyor.

All work is to be completed by fully trained and authorised personnel to the Surveyor's satisfaction.

The acceptance of any repair as a permanent or temporary means would depend upon the merits of each case.

This Certificate is issued to the above contractor and is valid until the date given above.

Previous Lloyd's Register reference No. 0017.

This approval is subject to compliance with the requirements of Lloyd's Register's Rules and Regulations as applicable.

71 Fenchurch Street, London, EC3M 4BS, United Kingdom

Clive Arnold

Lead Metallurgist: Metallurgical Assurance to
Lloyd's Register EMEA
A member of the Lloyd's Register group

Lloyd's Register Group Limited, its affiliates and subsidiaries and their respective officers, employees or agents are, individually and collectively, referred to in this clause as 'Lloyd's Register'. Lloyd's Register assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.

Certificate Of Metal Stitching Approval

For specific machinery repairs, metal stitching proposals shall be submitted for review and approval by Lloyd's Register. Each repair must be undertaken to a specific written procedure that has been accepted by the attending Surveyor. The acceptance of any repair on a temporary or permanent basis will depend on the merits of each case.

The metal stitching process cannot be accepted for the following:

- Forgings or castings for pressure vessels and boiler applications;
- Crankshafts;
- Propellers;
- Components subject to cyclic loading.

This Certificate is issued to the above company and is valid until the specified expiry date.
